## The Virtual Conference

Supporting Success for Children with Hearing Loss is a for-profit company dedicated to parents and professionals working with children who are deaf or hard of hearing. Our conference is a biennial event that began a decade ago by our founder Dr. Karen Anderson. This conference is one of the many products we offer our audience. Our 2023 conference included over 1,100 parents and professionals from around the world. We are excited to offer this opportunity once again in 2025 with 10 sessions from experienced presenters working in the field. For more information about this year's presenters and topics, please see our [website](#).
